Course Description:

On Sunday, October 13 through Friday, October 18, 2024, the San Antonio Police Department Tactical Medic Unit will be hosting a 40-hour plus Tactical Medic school designed to give officers a basic look at tactical combat casualty care concepts and how it applies to high-risk situations. Knowledgeable instructors, experienced in tactical medicine and point of injury care, will ensure students will gain the necessary knowledge, skills, and abilities to effectively mitigate the loss of life in volatile situations. Any officer interested in attending this course must be willing to meet the below requirements. The course is physically demanding and will incorporate daily PT sessions.

Requirements:

- Students will be required to complete a mandatory physical fitness assessment upon arrival on Sunday morning consisting of a 1.5-mile run, push-ups, and sit-ups (SAPD In-service P.T. test). There is no pass/fail score. The PT Test will be used for team placement.
- Students must not be on limited or light-duty and shall be required to participate in all training evolutions to include physical training and team building exercises.
- Students must provide their own duty weapons (pistol).

NOTE: It is mandatory that you stay on base for this training. Each day we will start training promptly at 0600 hours and we will not start late! Both male and female accommodations are available. You will be able to move in on Sunday, October 13, 2024.
