Description

It is common for Law Enforcement to require documented training in tactics and equipment they use, especially lifesaving equipment. However, few Officers are given documented training in the use of Armored Vehicles. This course provides students with the proven tactics and techniques that better utilize the advantages of armored vehicles in the dangerous environment they operate in, such as SWAT Situations, High Risks Warrants, Active Shooter, and Crowd Control. Students will be engaged in scenario-based exercises that challenge them to utilize techniques that improve effectiveness and officer safety.

Student Equipment that they will need to bring to class:

All tactical equipment, body armor, gas mask, eye and ear protection, handgun with two extra mags, tactical rig, long weapon with sling and extra mag

List of munitions for DEMO items and how many by product number:

Fifty 223 cal. blanks and 2 boxes of 12ga. blanks

200 rounds of handgun and 100 rounds of long-weapon ammo

Cert Expiration Date

10/31/2028

Training Hours

(16 Hours)
